Southern Music Educators Plan for Roanoke

BIENNIAL CONVENTION, APRIL 3-7, 1959

TO PLAN for the season ahead and for the 1959 biennial convention of the MENC Southern Division which will meet in Roanoke, Virginia, April 3-7, more than fifty music educators from twelve Southern states assembled October 17-19, 1958. Part of the two-day period was devoted to study groups such as are pictured here. The sessions were held at the University of Georgia Extension Center, Athens.

Arrangements were made for the Roanoke schools to be closed for a full day of the convention. Approximately 700 local teachers will participate in the sessions that day, with a general session followed by workshops and clinics at the elementary, junior high

school and senior high school levels. This affords a challenge and opportunity which Southern music educators accept with enthusiasm.

Other features announced include a Virginia Music Educators Association program with the All-State Band, Orchestra and Chorus, and a host city program provided by the Roanoke schools. Other features include actual live telecasts from the convention program.

Details about the convention program and results of the planning conference—as well as more pictures—will be published in the next issue of the JOURNAL.
